

## Etteplan Oyi acquires EMP Group

04. Juli 2019

Etteplan Oyi, Finland acquired all shares in EMP Group, located in Leverkusen, Bottrop and Berlin.

EMP Group is active in the planning and design of electrical, measurement and control equipment for the automation of technical processes, focusing particularly on pharmaceutical, chemical and metal processing as well as energy and power plant industries.

Etteplan offers solutions for established companies in the manufacturing industry for industrial equipment, plant engineering, software and embedded solutions as well as solutions in the field of technical documentation. These services aim to improve the competitiveness of products, services and engineering processes on the customer side.

For Etteplan, the acquisition of EMP represents a strategic milestone, not merely in the development of the German market, but as well with regard to the enhancement of its competences in the field of automation. The merger of these two companies generates new business opportunities, such as offering a broader range of services to their customers.

InterFinanz has organized an international sales process on behalf of the sellers and has accompanied the negotiations as an exclusive M&A adviser.
