

Etteplan Oyi takes over EMP Group

04. Juli 2019

Etteplan Oyi, Finland has acquired all shares in EMP Group with sites in Leverkusen, Bottrop and Berlin.

EMP Group is active in the planning and design of electrical, measurement and control equipment for the automation of process engineering processes, particularly within the pharmaceutical, chemical and metal processing industries, as well as in the energy and power plant industries.

Etteplan offers well-known companies in the manufacturing industry solutions for industrial equipment, plant engineering, software and embedded solutions as well as solutions in the field of technical documentation. These services aim to improve the competitiveness of products, services and engineering processes on the customer side.

For Etteplan, the acquisition of EMP represents a strategic milestone in both, the development of the German market and the expansion of competences in the field of automation. The merger of these two companies opens up new opportunities in offering a broader range of services to their customers.

InterFinanz has organized an international sales process on behalf of the sellers and has accompanied the sales negotiations as an exclusive M&A adviser.

[official press release](#)

InterFinanz is a partner managed international advisory firm for the sale and acquisition of companies and participations, located in Düsseldorf, Germany. As a pioneer of the German M&A industry we are one of the leading independent advisory firms for mid-cap transactions. Since foundation in 1958 we have successfully supported national and international transactions in numerous industries.
