

Sale of wood pellet manufacturing activities of juwi AG to EC Bioenergie Group and to Prinz-Eugen-Energiepark GmbH

September 2015

By focusing on its core business (project development and operation of wind and solar plants) juwi AG, Wörrstadt sold its entire wood pellet manufacturing activities in parts to two competitive German market participants in course of parallel negotiations.

The EC Bioenergie Group, Heidelberg acquired two wood pelleting plants: The first plant, located in the Swabian Dotternhausen (Zollernalbkreis), was built and put into operation in 2012 and produces annually up to 30.000 tons of wood pellets and 15.000 tons of wood briquettes. The second plant, located in Morbach, was opened in 2007 and produces annually up to 16,000 tons of wood fuel.

The third wood pelleting plant, located in Bad Arolsen, was sold to the Prinz-Eugen-Energiepark GmbH, Troisdorf. This plant was built in 2012 and has an annually production capacity of up to 30.000 tons of wood pellets.

The worldwide buyer's research as well as the sales process were organized and exclusively conducted by InterFinanz on behalf of juwi AG.
