

Sale of Vinylit Fassaden GmbH to the Quartum Kapital GmbH

December 3rd 2013

On December 3rd, 2013, the sale of Vinylit Fassaden GmbH to Quartum Kapital GmbH was closed.

Vinylit, located in Kassel, is one of the leading German developer and manufacturer of natural stone facades (extruded PVC-profiles coated with natural stone). Vinylit has an assortment of five facade systems including accessories. By today, 20 Mio. sqm of facade surface has been produced. In 2008 Vinylit introduced their own thermal insulation system. The company with 40 employees has a turnover of around 10 Mio. Euro with a good profitability.

Vinylit Fassaden GmbH was founded in 1972 and was taken over by the Dölken Gruppe (part of Surteco SE) in 2000. This transaction was accompanied by InterFinanz as well. In 2013 Surteco SE assigned exclusively InterFinanz again, because Vinylit was no longer part of the core business.

After numerous negotiations with competitors, other manufacturer of construction material both domestic and foreign and selective investment companies, Surteco SE finally identified Quartum Kapital GmbH as the ideal buyer. The growth concept presented by Quartum Kapital GmbH convinced and provides a long-term security for the location Kassel and the jobs connected with that.

Quartum Kapital GmbH is an investment company, holding investments in medium-sized companies with their investors.
