

# Shareholder succession at weseralu

August 24th, 2016

In the framework of a succession planning the shareholders of weseralu GmbH & Co. KG in Minden sold 100% of their shares to Exlabesa group, located in A Coruña, Spain. The management team of weseralu around long-standing CEO Mr. Bardo Ostermeyer still remains responsible for the company.

For more than 60 years, weseralu has been manufacturing aluminium profiles for mechanical engineering, the building industry, electrical engineering, furniture manufacturing and the automotive industry. The in-house production depth comprises product development, manufacturing, surface finishing and mechanical processing. With approx. 80 employees the company achieves a turnover of over € 30m.

The Exlabesa group is a globally positioned, family-run company in the area of aluminium extrusion. Founded in 1966, the company is represented in 40 countries and operates production sites in Spain, Great Britain, USA, Morocco, Poland and now also in Germany. With a production volume of 85,000 t/a the company generates a turnover of over € 200m.

For Exlabesa the German market represents a special role. Since the group has exported its products to Germany for more than 20 years the group was looking for an own production site.

During the transaction Exlabesa was advised by Ernst & Young Spain (Financial) as well as by Lang & Rahmann (Legal). Ringel & Hillebrand legally advised the shareholders of weseralu.

InterFinanz supported the shareholders of weseralu as their exclusive M&A advisor.

**InterFinanz** is a partner managed international advisory firm for the sale and purchase of companies and participations, located in Düsseldorf, Germany. As a pioneer of the German M&A industry we are one of the leading independent advisory firms for mid-cap transactions. Since foundation in 1958 we have successfully supported national and international transactions in numerous industries.
