

GRAFE Advanced Polymers GmbH, Blankenhain takes over 50% of ARGUS Additive Plastics GmbH, Büren

July 2020

GRAFE Advanced Polymers GmbH (www.grafe.com), an international producer of Masterbatches and Compounds has recently acquired 50% of **Argus Additive Plastics GmbH** (www.argus-additive.de), Büren.

ARGUS, who generates more than 100 Mio Euro in sales and employs some 150 people, is a leading producer of Masterbatches and supplies world-wide manufacturer of Films, Fibers/Non-Woven, Mono and Multifilaments/Tapes, Bopps, Pipes, Boards and Profiles, Artificial Turf and Injection Moulding.

GRAFE Advanced Polymers GmbH is a strategic partner, who has a special expertise in colored compounds as well as supplier of the automotive industry. Together both companies will strengthen their market positions.

InterFinanz acted as exclusive M&A advisor for the founder family and organized the total sale process
